Please Read the Following

Companion puppies are sold on **Limited Registration**. They **CANNOT** be shown in conformation events and **they CANNOT have a litter registered out of them**. Companion puppies are capable of competing in a wide variety of sports and service work. They are placed as companions because I do not feel that they will be an asset to the breed in future generations.

I HAVE READ THE ABOVE STATEMENT

Please tell me a bit about yourself and the expectations you expect for your puppy.
